VUČIĆ, N. (1976): Irrigation of agricultural crops. Faculty of Agriculture Novi Sad, 187p.

The order of papers is arranged according to the alphabetical order of the initial letter of the surname of the first author, without numbering. Citing the authors in the paper: if there are more than two authors (Pejć et al., 2013) or Pejić et al. (2013), if there are only two authors (Stančić and Šahinović, 1995) or Stančić and Šahinović (1995).

Tables should be clear, as simple as possible. Table content should be separated by the minimum set of horizontal lines and written in font size 9 (normal). The tables are set in a specific place in the text.

Figures (photographs, drawings and schemes) should be given in file format – TIF, and set in a specific place in the text. All figures, should also be given in a separate supplement (an original file format –TIF, JPG, with 300 dpi, or a vector format with letters turned into curves – CDR, AI). The graphs ought to be made in MS EXCEL program and in separate files.

Caption should be written above tables and below figures.

The text of the paper will not be proof-read. Therefore, we ask the authors to write their papers grammatically correct.

The papers which have not been prepared in accordance with these instructions will not be considered for publishing!
